

How to Contact your Legislators

First find your legislator by [clicking here](#)

Legislators hear from hundreds of people every day. Make your voice stand out:

- Personalize your message - regardless of the method (phone call, email, meetings) legislators need to hear what tourism is important to YOU.
- Find common ground - mention a previous meeting, your shared alma mater, friends in common, etc.
- Be brief – get your point across in a few sentences
- Use real examples – tell them how many jobs you provide, how much state sales tax you pay, etc.
- Ask for a response – let them know you want to continue the conversation
