Dear _____

I am writing to ask you support the 2017 Washington Tourism Marketing Act. My business depends on tourism. I have __ employees and provide \$__ in taxes every year. I am asking you to help me provide our state coffers with more tax revenue, provide more jobs and improve the infrastructure of my community.

For more than five years, Washington has been without a statewide tourism program. Our urban areas continue to see increases in tourism but it's not enough. We need to not only bring more visitors to Washington, but get them out to areas that depend on visitor spending.

We need your support. Support tourism to grow our economy and create jobs. I look forward to hearing from you about this important issue.

Sincerely,
